Instructions

1. Cut box to make the basic frame of the theater. Open the flaps to the outside to support the curtains.

2. Cut out the right and left curtains.

3. Using double stick tape – place the curtains on the box.

4. Cut out "Now Showing" sign. Double stick tape it at the top center of the curtain joint to cover the space.

5. Cut out a piece of dark colored construction paper to cover the floor. Adhere with glue or double stick tape.

6. Cut a small slit in the dark paper and the cardboard floor for each character – the width of a popsicle stick.
